

Portrait Packages: Year 2010

All of our portrait packages include a private online proofing gallery. Customized packages are available upon request.

First Steps Baby Package \$500 (plus sales tax)

Watch your little angel grow throughout the first year of life with this precious package. This package includes four private portrait sessions throughout the first year, a \$200 print/studio credit (\$50 per session) plus one custom designed baby book. Enjoy sharing the pictures with friends and family on our private password protected online gallery. Perfect for new parents or as a baby shower gift.

Family Portrait Session: \$200 (plus sales tax)

Bring the little family or the big family and take the opportunity to capture this moment in time filled with love. Our family portrait sessions are about 30 minutes and include a \$150 print/studio credit.

On-Location Portrait Shoots: \$400 (plus sales tax)

Yes, that's right. We will even travel to you! This package includes up to a 1 hour portrait session at the location of your choice plus a \$150 print/studio credit. Great for some natural shots and even engagement sessions.

Corporate Photo Shoots: \$150 per person (plus sales tax)

Corporate photo shoots include an in-studio session and one high resolution image of your choice completely retouched. Price is per person. Please see our On-Location Portrait Shoot option if you would like us to travel to you.

Senior Class: \$400 per person (plus sales tax)

Senior Class sessions include professional makeup application and hair touch-up, up to 90 minutes of shooting, \$200 print credit plus a photobook of your favorite images. This can be in studio or on location!

True Blue Session: \$250 per person (plus sales tax)

We've gotten lots of requests for a package that caters to people looking for some nice profile pictures for either online networking tools or online dating searches. This is just so awesome that people are having success with this. We went ahead and created a package that gives you all inclusive rights to your images so you can print them yourself or upload them wherever you want to. This is that package! Includes up to a 30 minute in-studio session and high res disk of your edited images.
